**NOTICE OF REMOVAL**

Defendant Alabama Power Company ("Alabama Power"), by and through its attorneys, timely files this Notice of Removal pursuant to 28 U.S.C. § 1446, removing the civil action styled *Katie Lowery, et al. v. Honeywell International, Inc., et al.*, CV-05-1749, filed in the Circuit Court of Jefferson County, Alabama, Birmingham Division, to the United States District Court for the Northern District of Alabama. In support of this Notice, Alabama Power states as follows:

1. The above-captioned action was originally commenced by Plaintiffs against twelve industrial Defendants in the Circuit Court of Jefferson County, Alabama, Bessemer Division, on January 24, 2003. A true and correct copy of the Complaint is attached hereto as Exhibit "A."

2. The case was transferred to the Circuit Court of Jefferson County, Alabama, Birmingham Division, on February 15, 2005, because venue was not proper in the Bessemer division.

3. On June 20, 2006, Plaintiffs filed a Third Amended and Recast Complaint ("Third Amended Complaint"), adding Alabama Power as an additional defendant. A true and correct copy of the Third Amended Complaint is attached hereto as Exhibit "B." Plaintiffs' Third

Amended Complaint also added Filler Products Company, Inc. as an additional defendant. As of the date of this Notice, this action involves over 400 plaintiffs and 14 named defendants.

4. Alabama Power first received a copy of the Third Amended Complaint on June 23, 2006, when Plaintiffs served a copy of the Third Amended Complaint, along with process, upon Alabama Power's representative.

5. This lawsuit constitutes a "mass action" as defined by 28 U.S.C. § 1332 (d)(11)(B)(i). Plaintiffs claim damages that have allegedly resulted from the discharge of particulates or gases into the atmosphere and ground water as a result of said particulates and/or gases allegedly settling onto Plaintiffs' properties.

6. Plaintiffs' claims arise from numerous and varying events and occurrences in connection with the operations of multiple industrial enterprises as they relate to facilities situated and processes occurring both in and outside of the state of Alabama.

7. Specifically, Plaintiffs allege that "[p]articulates or gases have been discharged into the atmosphere and into the ground water at facilities operated by the named defendants," and that these same "[p]articulates or gases have traveled through the atmosphere and/or groundwater and onto the plaintiffs' person and/or the plaintiffs' property." Plaintiffs do not claim that their alleged damages arise from an isolated event or a confined period of time. Rather, Plaintiffs claim that "[e]ach defendant . . . has discharged particulates or gases into the atmosphere and into the ground water," has caused or contributed to such discharges, or has failed to inspect the operations of one or more defendants, presumably since the establishment of each subject facility.

8. Congress specifically has recognized that claims of the type asserted by Plaintiffs raise interstate, as opposed to local, issues. The release of particulate matter and hazardous gases

from Alabama Power's facilities is regulated by the Clean Air Act, 42 U.S.C. § 7401 *et seq.*, and all applicable Federal implementing regulation. The United States enacted the Clean Air Act in order to establish a federal program for combating air pollution—a problem specifically found by Congress to be predominantly regional and national in scope, rather than local. *See* 42 U.S.C. § 7401. To this end, the United States Environmental Protection Agency (“EPA”) recently issued a final rule further regulating particulate matter and ozone precursor emissions from facilities located in 28 states, including Alabama, due to the interstate nature of air emissions. *See* 70 Fed. Reg. 25,162 (May 12, 2005) (the “Clean Air Interstate Rule” or “CAIR”). As part of the CAIR rulemaking, EPA determined that Alabama was “downwind” from a number of states that significantly contributed to particulate matter levels in Alabama. *See id.* at 25,247-49. Consequently, a significant portion of the claims alleged in Plaintiffs’ complaint arise from events or occurrences occurring outside of Alabama and its contiguous states.

9. Plaintiffs have joined monetary relief claims of more than 100 persons and have proposed that said claims be tried jointly on the ground that their claims involve common questions of law or fact.

10. Additionally, Plaintiffs’ claims exceed \$5,000,000 in the aggregate and each individual claim exceeds \$75,000.

11. The Class Action Fairness Act (“CAFA”) applies to “any civil action commenced on or after the date of enactment of this Act [February 18, 2005].” Pub. L. No. 109-2, § 9, 119 Stat. 14 (codified as amended in 28 U.S.C. § 1332). Ample authority exists to support the treatment of the addition of a new defendant after the date of enactment of CAFA to an action originally filed pre-CAFA, as the commencement of a new action for purposes of CAFA. *See Eufaula Drugs, Inc. v. ScripSolutions*, 2005 WL 2465746 (M.D. Ala.) (recognizing that for

purposes of CAFA the commencement of an action can be particular to a defendant) (citing *Knudsen v. Liberty Mutual Ins. Co.*, 411 F.3d 805, 807 (7th Cir. 2005) (“Removal practice recognizes [that] . . . an amendment to the pleadings that adds . . . a new defendant, opens a new window of removal.”)); see also *Schorsch v. Hewlett-Packard Co.*, 417 F.3d 748, 749 (7th Cir. 2005) (“a defendant added after February 18[,2005] could remove because suit against it would have been commenced after the effective date”); *Braud v. Transport Serv. Co.*, 445 F.3d 801, 804 (5th Cir. 2006) (“amendments that add a defendant ‘commence’ the civil action as to the added party”).

12. Accordingly, this Court has diversity jurisdiction pursuant to 28 U.S.C. § 1332(d). Removal is proper and in accordance with 28 U.S.C. § 1441(a).

13. The United States District Court for the Northern District of Alabama is the district having jurisdiction over the place where the subject civil action is pending.

14. This Notice of Removal is being filed within thirty (30) days of service of the Third Amended Complaint as required by 28 U.S.C. § 1446(b).

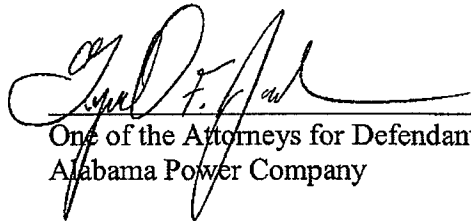

15. The Third Amended Complaint and Summons attached hereto as Exhibit “A” constitute all of the process and pleadings served upon Alabama Power in the subject civil action to date as required by 28 U.S.C. §1446(a).

16. All fees required by law in connection with this Notice have been filed by Alabama Power.

17. A copy of this Notice of Removal will be filed with the Circuit Court of Jefferson County, Alabama, as required by 28 U.S.C. §1446(d).

WHEREFORE, Alabama Power hereby removes the above-captioned action now pending in the Circuit Court of Jefferson County, Alabama, Birmingham Division, to the United States District Court for the Northern District of Alabama.

Respectfully submitted,
